NOTICE OF PUBLIC HEARINGS

IN THE MATTER OF THE PETITION OF NEW JERSEY-AMERICAN WATER COMPANY, INC. FOR AUTHORIZATION TO IMPLEMENT A DISTRIBUTION SYSTEM IMPROVEMENT CHARGE BPU Docket No. WR24030187

TO OUR CUSTOMERS:

PLEASE TAKE NOTICE that on March 18, 2024, New Jersey-American Water Company, Inc. (“Company”) filed a petition with the New Jersey Board of Public Utilities (“Board”), seeking approval of a Foundational Filing to implement a Distribution System Improvement Charge (“DSIC”), pursuant to N.J.A.C. 14:9-10.1 et seq. (“Petition”). A DSIC is a rate recovery mechanism to encourage and support accelerated rehabilitation and replacement of certain non-revenue producing, critical water distribution components. Such projects include main replacement and renewal, structural and non-structural main cleaning and lining projects, and the renewal of valves, hydrants and service connections. Its purpose is to enhance safety, reliability, water quality, systems flows and pressure, and/or conservation. A DSIC rate is interim, until the subsequent base rate case, and subject to refund.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board’s decision. The Petition and applicable attachments as well as the Public Hearing Notice for this proceeding can be viewed on the Company’s website at www.newjerseyamwater.com by first selecting Customer Service and then Your Water and Wastewater Rates.

The maximum proposed monthly DSIC rates contained in the Petition are outlined in the table below. The average customer has a 5/8-inch meter and will be subjected to a maximum monthly DSIC surcharge of \$5.05 under the Company's proposed rates. The maximum revenues will be set in the Company's currently pending base rate case, BPU Docket No. WR24010056 and the current Purchased Water Adjustment Clause, BPU Docket No. WR231110791.
